

EASYMAX™ FF - EASYMAX™ WP II

THE NEXT GENERATION

Professional Cordless Airless Sprayers
with ProSpray Technology

**A PROFESSIONAL PAINT SPRAYER
IN THE PALM OF YOUR HAND!**

**PERFECT FINISH QUALITY
WITHOUT THINNING THE PAINT**

**READY IN SECONDS
TO SPRAY PAINT**

www.graco.com

EASYMAX ADVANTAGES

- **Professional Airless Sprayers** deliver a **perfect finish** comparable to a corded Graco Airless sprayer.
- **Ultimate portability**, move around the jobsite, or from one jobsite to another.
- **Ready to spray paint in seconds**, spray a wider variety of paints without dilution, by simply *adjusting the pressure*.

Fine Finish Applications - Professional Airless Applications

EASYMAX™ FF - EASYMAX™ WP II

EASYMAX™

Professional Airless Paint Sprayers 'In The Palm of Your Hand'

EASYMAX™ Airless Paint Sprayers are an entirely new way to spray airless! Graco introduces THE NEXT GENERATION EASYMAX WP II and the EASYMAX FF.

PROFESSIONAL AIRLESS PAINT SPRAYER IN THE PALM OF YOUR HAND

EASYMAX™ offers:

PROSPRAY, patented professional piston pump design which:

- delivers comparable performance to Graco's professional corded airless sprayers
- sprays material designed by paint manufacturers – no thinning required!
- provides a consistent, even spray pattern for one-pass coverage

PROSPRAY RAC® tips, with a professional reversible tip design:

- high precision tips, inspired by proven RAC® X design, exclusively for use with ProSpray technology

PROCONTROL™, material control to regulate layer thickness.

All EASYMAX sprayers are now **fully repairable** and are powered with Lithion-Ion batteries. The EASYMAX WP II sprays all water-based paints inclusive wall paint. The EASYMAX FF was specially designed to spray fine finish paints, inclusive solvent based paints.

ProSpray Reversible Tips

- RAC® (Reverse-A-Clean); when experiencing a tip plug, simply turn the tip, spray out the plug and continue spraying normally.
- Green Fine Finish tips provide finer atomization.

EASYMAX FF EXCLUSIVE FEATURES

- Low/High Pressure Switch*
- Resistant to solvent-based materials
- Transparent cup

*Low/High Pressure Switch

- **Low Pressure:** improves quality of finish and less overspray with thin materials
- **High Pressure:** high production rate with thick materials

Materials & Applications

The EASYMAX™ can be used as a **maintenance gun** to repaint objects, to repair walls sprayed before with a normal paint sprayer, to spray paint jobs up to maximum 50 m². The ideal tool to spray rooms with different colour walls, ceilings, (garage) doors, radiators, cabinets, carports, garden sheds, fences, staircases, furniture (new or renovation), etc...

Use EASYMAX FF for solvent and water-based materials and EASYMAX WP II for water-based materials only.

Watch our
application videos at:
<http://11.graco.eu.com>

NEW ProControl/Variable pressure:
70-137 bar (WP) / 50-117 bar (FF)
Spray a wider variety of applications
by simply adjusting the pressure
Reduces overspray

THE
NEXT
GENERATION
IN **PROSPRAY**
TECHNOLOGY!!

**FULLY
REPAIRABLE**

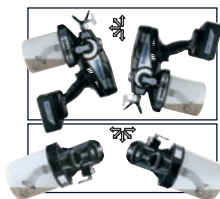

Prime Valve
For quick priming
and pressure release

Lithium-Ion Battery Charger + 2 Batteries
Charge time for 80% performance
= 25 min. (EasyMax FF)
= 45 min. (EasyMax WP II).

Tilt-N-Spray Pendulum Design

- Full range of motion of spraying up and down without losing prime – just like a contractor gun!
- Swings freely to evacuate virtually all of the material from the cup – fewer refills means more productive spray time!

Tip Filter

- Threads directly into guard and filters paint for less tip plugs
- Available in 60 and 100 mesh

www.graco.com

CanConnect™

Just connect your 1 liter can to the EasyMax!

- Faster
- No cup cleaning
- No spill of paint

Fits both models

CANCONNECT™
LITER CAN ADAPTER

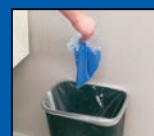

GOOD TO KNOW

3 EASY START-UP STEPS

Ready to spray within seconds!

1. Simply pour the paint into the cup.
2. Screw the cup to the cover.
3. Prime the pump and you're ready to go.

3 EASY CLEAN-UP STEPS

Clean-up is easy with disposable cup liners. Just empty the liner and throw it away.

Fill the cup with water, flush it through the pump and you're ready for the next job!

1. Throw away the disposable cup liner.
2. Fill the cup with water.
3. Reverse the tip and flush.

! TIP

Pump Armor™ Storage Start-up Tool
Protects pump from corrosion

- Clears intake valve at start-up to provide reliable priming every time.

EASYMAX™ Accessories

Get the most out of your equipment, use our EASYMAX accessories

Improve your spraying quality

PROPACK *use with EASYMAX WP II only*

24F893 Offers multi-directional spraying, longer spray times (3.8 l reservoir) with less refills and less weight

Extensions *use with EASYMAX WP II only*

Choose safety: extend your reach and work without ladders or scaffolding

EASYMAX WP II: Z-Shape, fixed extension

24F727 30 cm

24F728 60 cm

EASYMAX WP II: flexible extension

24F729 30 cm

Paint Cups and Liners

Material Cup and Cover

For larger applications and less cup fills; includes a cover for storage or use to shake cup for fast clean-up without a cup liner.

16D560 U-Shape, 1 l

16H618 V-Shape, 0.75 l

16D561 U-Shape, 1.5 l

24H365 ProPack Reservoir, 4 l

16D562 Material Cup Liners – 10 pack

Fits either 0.75 - 1 or 1.5 liter cups

24H366 ProPack Reservoir Liners – 5 pack

Battery - Lithium-Ion Power Pack

Add another battery to spray larger than 7.5 liter jobs. One fully charged battery is able to spray 3.75 liters for continuous spraying. Charge time for 80% performance is 25 min. (16G610) and 45 min. (16D558).

16D558 20 V - Fits on EASYMAX FF and EASYMAX WP II

16G610 18 V - SlimLine, only for EASYMAX FF

Battery Charger

Add a charger to reduce downtime by charging two batteries at once. Light indicator monitors and displays charging progress.

Power Pack Battery Charger

16D799 220 V

16F628 12 V
