Hose Reels

A Complete Family of High Quality Reels

PROVEN QUALITY. LEADING TECHNOLOGY.

What Makes a Good Hose Reel?

Durability, performance and value built into every one of our new hose reels.

A robust frame, hose length and size are important, but the spring, latch and swivel are really the core of a hose reel. Our new spring design makes it easy to pull down-especially those last 3 m (10 ft), and a spring latch that retracts the hose so you don't have to fight to get it to operate. Plus, a durable full-flow swivel to maximize material flow with minimal pressure drop.

Single or Dual Pedestal Options

Heavy-duty, high-strength steel construction with rolled edges and ribbed stress points for more strength than ever before

Improved High-Demand Spring

Long-life spring extends and retracts with constant force to reduce user fatigue

Full-Flow Swivel

Maximize material flow with minimal pressure drop

Spring Adjustment

Increase or decrease spring tension while reel is pressurized with fluid (LD Enclosed and XD models)

Larger Hose Capacity with Smaller Profile

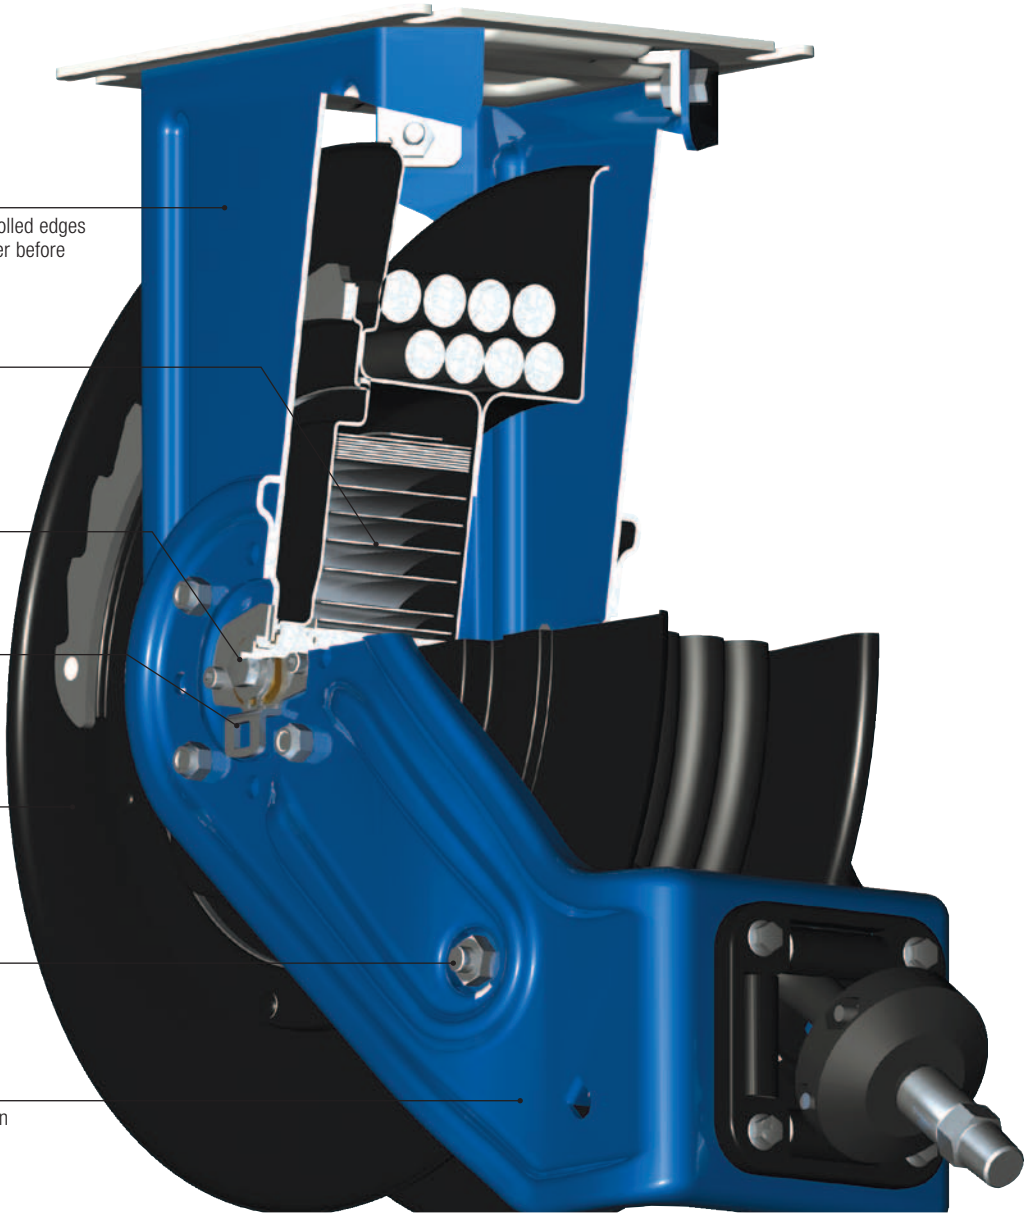
Compact pedestal and spool fits into tight spaces and can accommodate 10-20 meters (35-65 foot) hose capacity for a wide variety of applications

Improved Latch Design

No more frustrating lock-out at full hose extension

Durable Finish in More Colours

Baked-on enamel finish protects reel from corrosion for longer life-now available in six colours



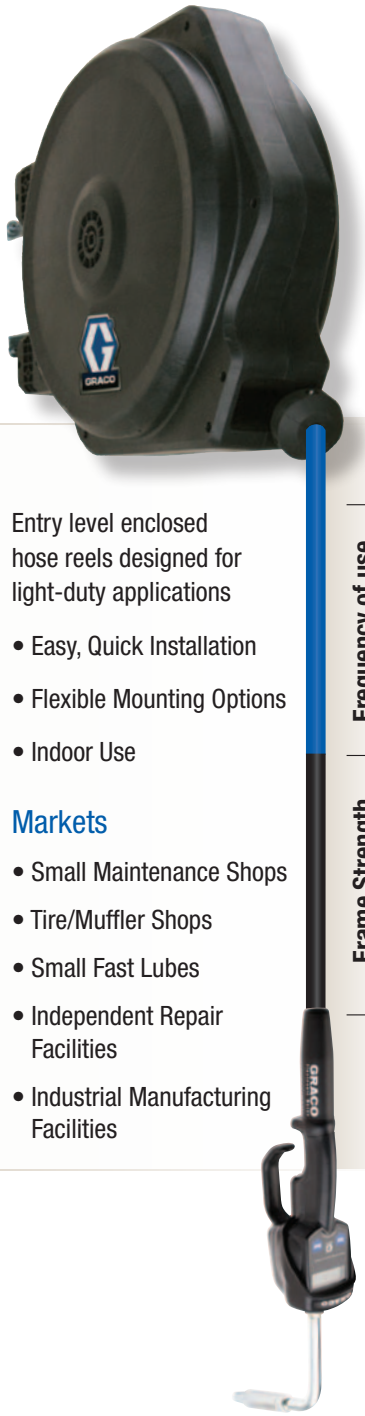
XD model shown

Standard colour: metallic blue.

Additional five colours available. Consult customer service for lead times.

Three New Families of Hose Reels

LD Series



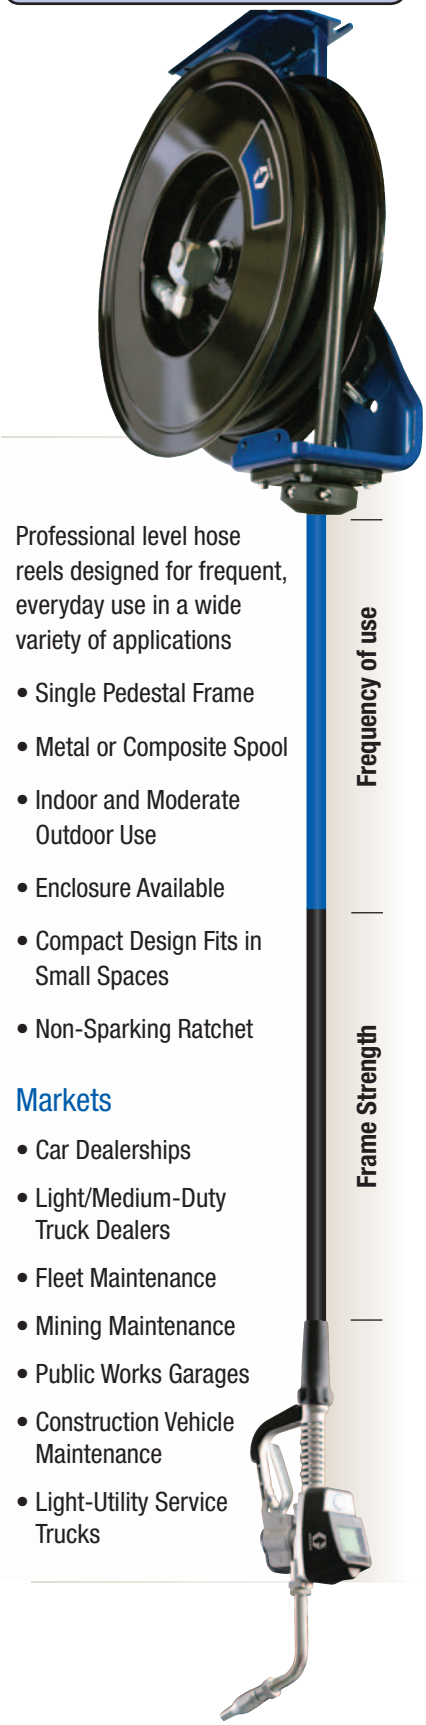
Entry level enclosed hose reels designed for light-duty applications

- Easy, Quick Installation
- Flexible Mounting Options
- Indoor Use

Markets

- Small Maintenance Shops
- Tire/Muffler Shops
- Small Fast Lubes
- Independent Repair Facilities
- Industrial Manufacturing Facilities

SD Series



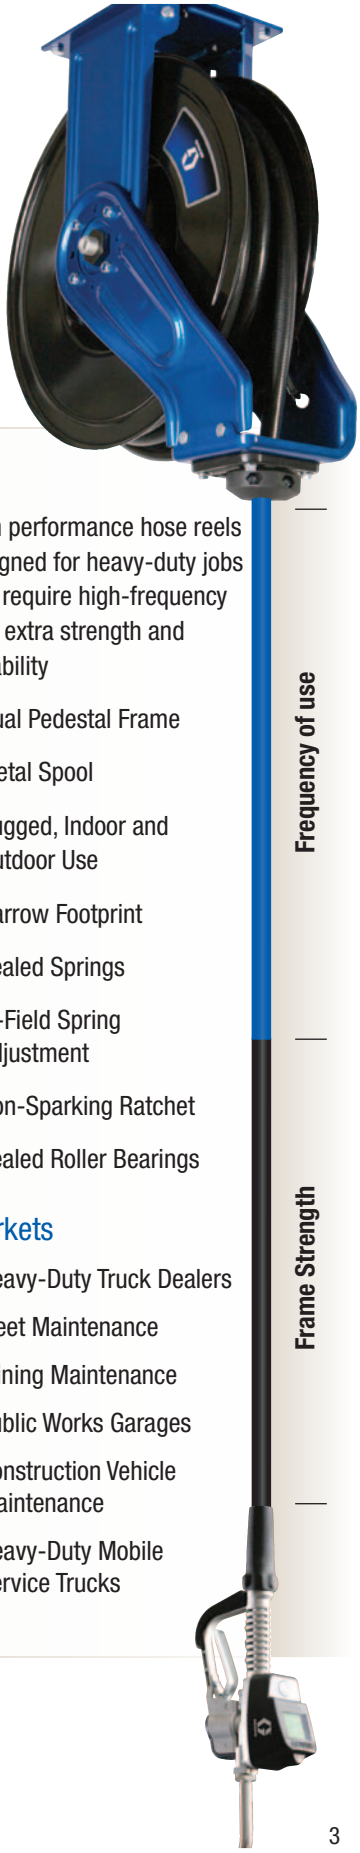
Professional level hose reels designed for frequent, everyday use in a wide variety of applications

- Single Pedestal Frame
- Metal or Composite Spool
- Indoor and Moderate Outdoor Use
- Enclosure Available
- Compact Design Fits in Small Spaces
- Non-Sparking Ratchet

Markets

- Car Dealerships
- Light/Medium-Duty Truck Dealers
- Fleet Maintenance
- Mining Maintenance
- Public Works Garages
- Construction Vehicle Maintenance
- Light-Utility Service Trucks

XD Series



High performance hose reels designed for heavy-duty jobs that require high-frequency use, extra strength and durability

- Dual Pedestal Frame
- Metal Spool
- Rugged, Indoor and Outdoor Use
- Narrow Footprint
- Sealed Springs
- In-Field Spring Adjustment
- Non-Sparking Ratchet
- Sealed Roller Bearings

Markets

- Heavy-Duty Truck Dealers
- Fleet Maintenance
- Mining Maintenance
- Public Works Garages
- Construction Vehicle Maintenance
- Heavy-Duty Mobile Service Trucks

BUILT GRACO TOUGH

Simple to Install, Mounts in Minutes!

Hose Reels

LD Enclosed

Enclosed hose reel comes with ceiling/wall mounting swivel bracket. Required inlet hose kit sold separately.

Features

- Designed for light-duty applications
- Enclosed for safety and protection, extends hose life
- Flexible mounting options-hang on wall or ceiling; bench, table or tank top-mount options available
- Full-flow swivel maximizes fluid flow with minimal pressure drop
- Easy spring tension adjustment, increase or decrease pressure spring tension while reel is pressurized

Dimensions

LD SERIES	
A	180 mm (7.1 in)
B	585 mm (23.0 in)
C	470 mm (18.5 in)
D	650 mm (25.6 in)

Everyday Workhorse
Metal Spool for Extra Durability

Hose Reels

Single pedestal with metal spool. Inlet Hose Kit sold separately.

SD Steel Spool

Features

- Designed for daily use applications such as dealerships, fleet service and maintenance facilities
- Structurally engineered frame made from high strength steel won't bend or flex
- Long-lasting spring provides constant spring torque through the entire range of motion
- Flexible positioning of guide arm for mounting on bench or ceiling, wall or utility truck
- Steel spool for demanding applications
- Open swivel ports ensure high fluid flow with minimal pressure loss
- Enclosure kits available-ideal when appearance and protection is important
- Available in six colours. Metallic blue is standard.

* Each HP Model hose reel shown in the tables below is available in several colours. The last character of each Model No. indicates the hose reel colour.
For example: A = white, B = metallic blue, C = red, D = black or F = yellow. (Other colour choices may be available from your Graco Distributor.)
On the table below this last character is represented by the generic # symbol. For example, to show the complete model number for a white HPL56# model hose reel, the # symbol in the table is replaced by “A”. The complete model number is: HPL56A.

Extreme Performer in Three Sizes

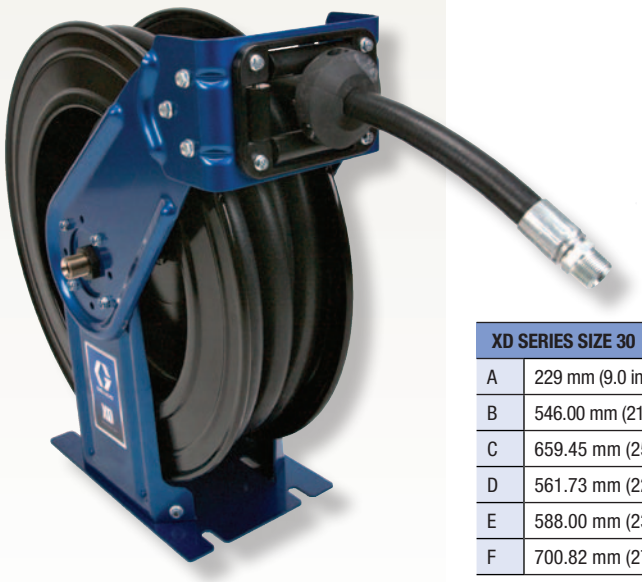
Hose Reels

XD Series

Size 10

Size 20

Size 30



XD Series Features

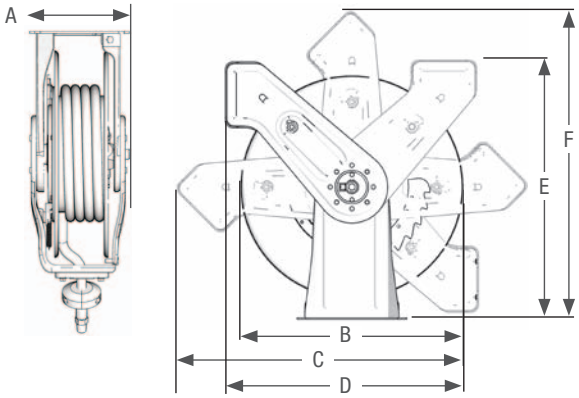
- Designed for robust/heavy-duty applications such as mobile lube trucks or large equipment service, yet with a narrow footprint to fit more reels into small spaces
- Dual pedestal frame provides increased strength for extreme-duty applications
- Long lasting spring is sealed for protection against the weather
- Durable steel spool rides on sealed roller bearings to ensure trouble-free performance
- Available in four colours. Metallic blue is standard.
- Available with arms removed for bulkhead mounting*

** Contact your local distributor for more information*

Dimensions

XD SERIES SIZE 10	
A	196 mm (7.5 in)
B	412 mm (16.2 in)
C	533 mm (21.0 in)
D	457 mm (18.0 in)
E	470 mm (18.5 in)
F	571 mm (22.5)

XD SERIES SIZE 20	
A	196 mm (7.5 in)
B	460 mm (18.1 in)
C	594 mm (23.4 in)
D	508 mm (20.0 in)
E	533 mm (21.0 in)
F	640 mm (25.2 in)



XD SERIES SIZE 30	
A	229 mm (9.0 in)
B	546.00 mm (21.50 in)
C	659.45 mm (25.96 in)
D	561.73 mm (22.12 in)
E	588.00 mm (23.10 in)
F	700.82 mm (27.60 in)

Size 10 End Caps (2)	-	-	-	24A950	-	-
Size 20 End Caps (2)	-	-	-	24A951	-	-

* White enclosures available for immediate shipment. Consult factory for lead-time for other colours.

Mounting Channels

Enclosure mounting channels accommodate one, two, three, four, five or six reels (includes all parts needed to mount hose reels to walls or ceilings)

Description	Mounting Channel					
	1 Reel	2 Reels	3 Reels	4 Reels	5 Reels	6 Reels
SD10 and SD20*	24A934	24A935	24A936	24A937	24A938	24A939
XD10 and XD20	24A219	24A220	24A221	-	-	24A222
Enclosure Kit	203521	203522	203523	203524	203525	203526

* For use without enclosure kit

Retrofit Adapter Kits

24A224	Includes all parts to mount hose reel to existing 500 series mounting pattern
24C100	Includes all parts to convert SD10 hose reels to fit existing 250 series enclosures

Mounting Bracket

204741	Secures mounting channel to I-beam without drilling. Two brackets are required for 1-3 hose reels; three brackets for 4-6 hose reels.

Ball Stop Kits

Part Number	Typical Hose ID
222225*	For 6.4 mm (1/4 in) i.d. hose
218340*	For 6.4-9.5 mm (1/4-3/8 in) i.d. hose
218341*	For 9.5-12.7 mm (3/8-1/2 in) i.d. hose
237873	For 19 mm (3/4 in) i.d. hose
237874	For 25 mm (1 in) i.d. hose
24D132	For 9.5 mm (3/8 in) o.d. hose
24D133	For 12.7 mm (1/2 in) o.d. hose

*Not for use with XD30 reels

ABOUT GRACO

Founded in 1926, Graco is a world leader in fluid handling systems and components. Graco products move, measure, control, dispense and apply a wide range of fluids and viscous materials used in vehicle lubrication, commercial and industrial settings.

The company's success is based on its unwavering commitment to technical excellence, world-class manufacturing and unparalleled customer service. Working closely with qualified distributors, Graco offers systems, products and technology that set the quality standard in a wide range of fluid handling solutions. Graco provides equipment for spray finishing, protective coating, paint circulation, lubrication, and dispensing sealants and adhesives, along with power application equipment for the contractor industry. Graco's ongoing investment in fluid management and control will continue to provide innovative solutions to a diverse global market.
